

Presenting

Intelli-UV⁺ Hot

Hot is the New Healthy with Smart Purification

A UV water purifier with cutting edge intelligent features and a beautifully crafted design to suit your everyday need. Suitable for water with low TDS (less than 200 ppm or municipal corporation supply, no borewell or tanker supply.)

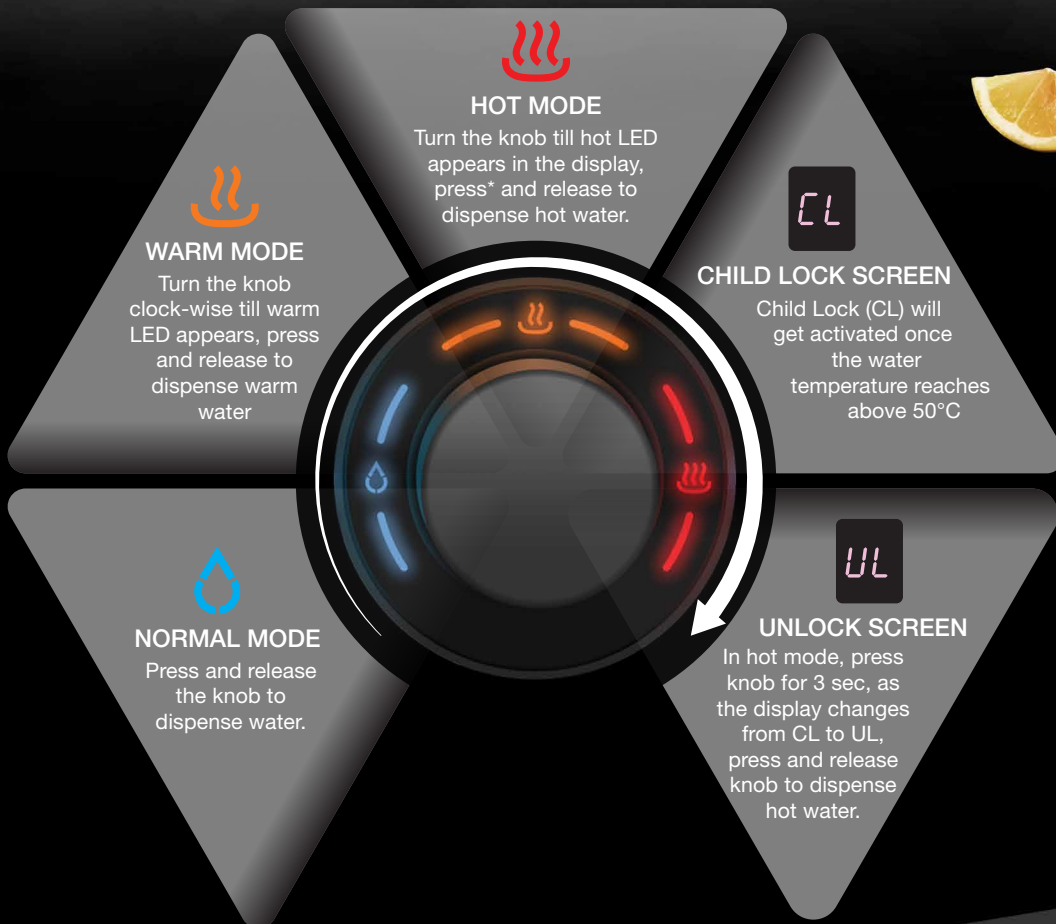

Instant Hot Water

The Intelli-UV⁺Hot dispenses instant UV purified water at three temperature modes.

 Room Temperature Water

 Warm Water at 45°C

 Hot Water at 80°C for an instant hot beverage

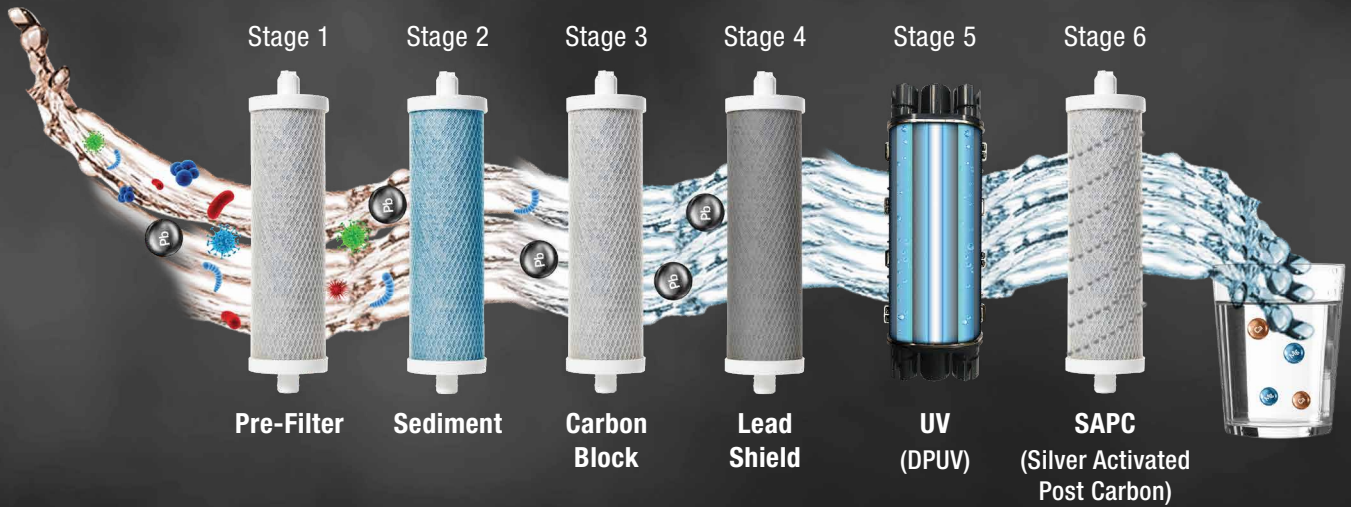

Convenience at your fingertips

Advanced Digital Display with Touch Dispense makes dispensing and monitoring more convenient for you and your family.

Healthy drinking water with 6 stage purification

A. O. Smith Intelli-UV⁺Hot purifies water through a 6 stage purification process with high power 11 Watt UV + SAPC (Silver Activated Post Carbon) + Lead Shield.

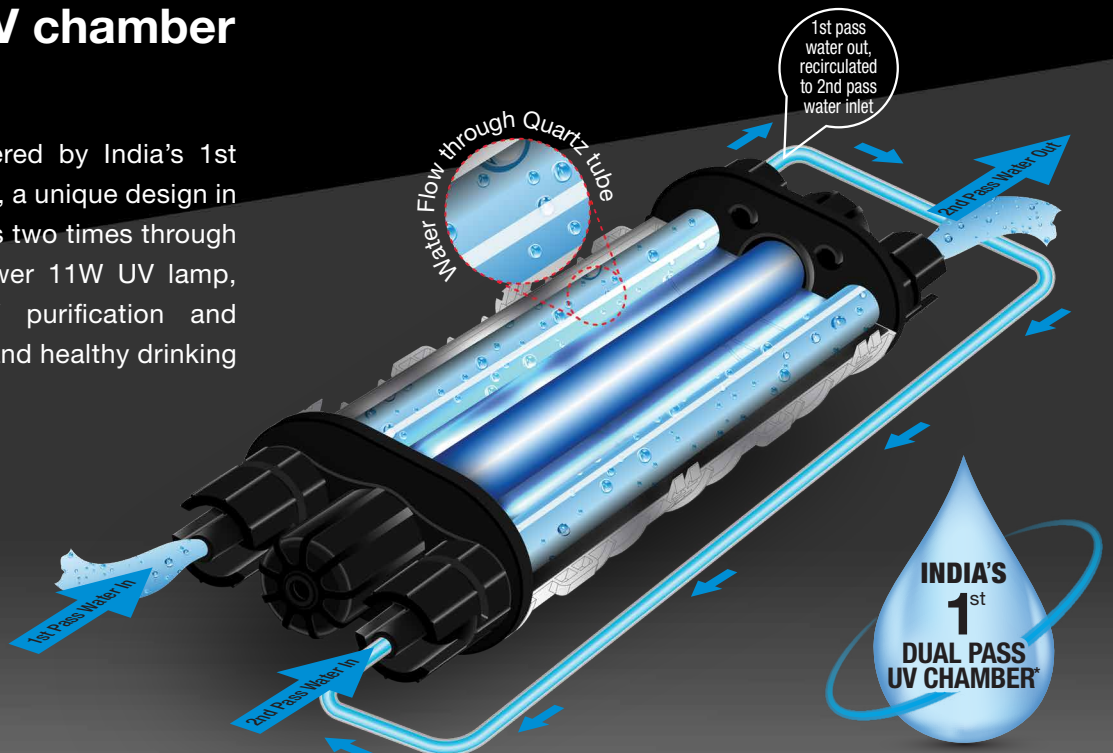

Lead shield

With an added layer of protection to the purification process, the lead shield in the Intelli-UV⁺Hot effectively removes lead and provides you with lead-free, healthy drinking water. Stay worry free as you and your family are safeguarded from the adverse effects of lead poisoning in drinking water with our lead shield technology.

Dual Pass UV chamber (DPUV)

Intelli-UV⁺Hot is powered by India's 1st Dual Pass UV Chamber, a unique design in which the water passes two times through an advanced high power 11W UV lamp, providing double UV purification and ensuring purified safe and healthy drinking water.

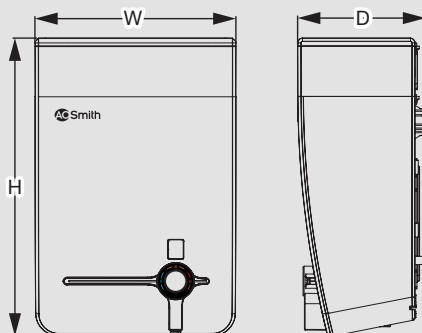

Modern | Contemporary | Sleek & Compact

Elevate your kitchen décor to enhance your experience with sleek, stylish and premium aesthetics, designed to suit your everyday needs.
